RUSHIKESH WANKHADE

Contact: +91 96230 17229 | **Email:** rushikeshwankhade43@gmail.com
Location: Pune, Maharashtra

PROFESSIONAL SUMMARY

Certified Salesforce professional with AI Associate Certification and hands-on expertise in Salesforce Administration, Apex, Lightning Web Components (LWC), and REST API integrations. Transitioned from a strong foundation in civil engineering, leveraging analytical and problem-solving skills to excel in Salesforce development. Proficient in developing dynamic Salesforce solutions, including personal portfolio creation and complex project implementations using LWC. A quick learner with strong technical and interpersonal skills, seeking to contribute to innovative Salesforce solutions in a dynamic environment.

KEY SKILLS

Technical Skills

- Salesforce Administration & Configuration

- Apex Programming and SOQL/SOSL Queries

- Data Modelling & Security Configuration

- Business Process Automation (Flows, Process Builder, Workflows)

- Lightning Web Components (LWC) Development

- REST API Integration and Web Services

- Reports & Dashboards

Soft Skills

- Adaptability and Eagerness to Learn

- Problem Solving and Analytical Thinking

- Service-Oriented Mindset

EDUCATION

Degree	Institution	Board/University	Year of Passing	Performance
BE in Civil Engineering	MGI College of Engineering & Technology, Shegaon	Sant Gadge Baba Amravati University	November 2020	8.53 CGPA
Diploma in Civil Engineering	P.R. Pote Institute of Polytechnic, Amravati	Maharashtra State Board of Technical Education	June 2017	60.30%
Secondary School Certificate (SSC)	Shree M.G. High School, Chandur Railway	Maharashtra State Board	March 2014	81.40%

CERTIFICATIONS

- **Salesforce Training Certificate:**

  - Successfully completed training in Salesforce fundamentals, focusing on administration, development, and integration.

- **Certified Platform Developer 1** (Issued by Salesforce, 17-01-2025)
- **Certified Salesforce AI Associate** (Issued by Salesforce, 26-10-2024)

WORK EXPERIENCE

Site Engineer (Civil)

G.D. Construction, Amravati   09/01/2021- 11/07/2022

- Managed and supervised construction activities, ensuring adherence to design specifications and quality standards.
- Coordinated with on-site workers, subcontractors, and supervisors to achieve project timelines and efficiency.
- Regularly inspected the site to ensure work was executed as per approved drawings and safety regulations.
- Addressed technical challenges on-site, providing immediate and practical solutions.

PROJECT EXPERIENCE

LWC-Based Portfolio Creation

- **Objective**: Designed a professional portfolio to showcase Salesforce expertise and project experience.
- **Key Contributions**:
  - Developed a responsive, user-friendly portfolio using Lightning Web Components (LWC).
  - Deployed the portfolio on Salesforce Experience Cloud, ensuring seamless accessibility and dynamic interaction.
- **Outcome**: Enhanced personal branding and professional presentation for recruiters.

Personal LWC Projects

1. **BMI Calculator**
   a. **Objective**: Developed a user-friendly application to calculate Body Mass Index (BMI) based on user input.
   b. **Key Contributions**: Designed and implemented the application using Lightning Web Components (LWC); ensured accurate BMI calculations with real-time input validation.
   c. **Outcome**: Provided users with immediate health insights through an intuitive interface.
   d. **Link**: BMI Calculator

2. **Currency Converter**
   a. **Objective**: Created an application to facilitate real-time currency conversions.
   b. **Key Contributions**: Developed the application using LWC, integrating with external APIs for up-to-date exchange rates; implemented a responsive design for optimal user experience across devices.
   c. **Outcome**: Enabled users to perform quick and accurate currency conversions, enhancing financial decision-making.
   d. **Link**: Currency Converter

3. **Alarm Clock**
   a. **Objective**: Built a functional alarm clock application to set and manage alarms.
   b. **Key Contributions**: Implemented the application using LWC with features for setting multiple alarms and custom notifications; ensured accurate timekeeping and user-friendly interface.
   c. **Outcome**: Provided users with a reliable tool for time management and reminders.
   d. **Link**: Alarm Clock

4. **Weather App**
   a. **Objective**: Developed an application to display real-time weather information based on user location.
   b. **Key Contributions**: Created the application using LWC, integrating with weather APIs for current data; designed an intuitive interface displaying temperature, conditions, and forecasts.
   c. **Outcome**: Enabled users to access up-to-date weather information, aiding in daily planning.
   d. **Link**: Weather App

5. **Note-Taking App**
   a. **Objective**: Designed an application for users to create, edit, and manage personal notes.
   b. **Key Contributions**: Developed the application using LWC with functionalities for adding, editing, and deleting notes; implemented data persistence to ensure notes are saved between sessions.
   c. **Outcome**: Provided users with an efficient tool for organizing thoughts and tasks.
   d. **Link**: Note-Taking App

PERSONAL INFORMATION

- **Name:** Rushikesh Anil Wankhade

- **Date of Birth:** 21-Dec-1997

- **Languages Known:** Marathi, Hindi, English

- **Hobbies:** Solving Rubik's Cube, Riding Bike

DECLARATION

I hereby declare that the above information is true to the best of my knowledge and belief.
